Strike Action by ETFO

To: Presidents and All Members

From: Paul Elliott, President

For Immediate Action

ETFO has announced that beginning Monday, May 11 their members will be participating in some form of job action.

Many of our members work along side ETFO members, including support staff in elementary schools and teachers working in K-12 and 7-12 schools. It is important that OSSTF/FEESO members be supportive of their ETFO colleagues in regards to their action.

In the event that management/supervisors/principals instruct OSSTF/FEESO members to do the work of any ETFO employee, they should respond stating that it is not their job to do what was ordered. They should also inform their local federation representative immediately of any attempt by management to assign them the work of an ETFO employee.

OSSTF/FEESO stands in solidarity with ETFO and will respect their upcoming job action.
